Mailing Address:

1910 Pioneer Avenue  
Cheyenne, WY 82001

## What are Basic Needs?

Basic Needs are the minimal resources each individual needs to survive day-to-day life. These needs may include, but are not limited to: food, shelter, clothing and necessary medical care.

Some of us take these resources for granted, while many of us struggle to maintain them each day. Still others find themselves without their basic needs due to an unexpected crisis situation: a disaster, the death of a loved one/ caregiver, unemployment, eviction, loss of support, family violence.

There are many reasons why people need help with basic needs, and it is difficult to know where to turn when you are the person in need.

It can also be said that *information* is a basic need. In this pamphlet you will find helpful information for local agencies that assist with basic needs in the Austin area on a regular basis.

This is not an exhaustive list, so if you find that you are in need of assistance beyond the scope of this pamphlet, **Dial 211** to speak with an operator who can locate specific local resources to meet your needs.

If you need further assistance, feel free to contact our Victim Advocate within the Laramie County Sheriff's Office at (307) 633-4700. We are happy to help.
