

LARAMIE COUNTY PLANNING AND DEVELOPMENT

TO: Laramie County Board of County Commissioners

FROM: Justin Arnold, Laramie County Planning and Development Program Manager

DATE: December 7, 2021

SUBJECT: PUBLIC HEARING regarding the repeal of the 2018 and adoption of the 2021 International Building Codes.

Executive Summary

Laramie County has been the issuing authority for building permits since the County adopted the International Building Codes in 2003. From 2003 to 2008 the County contracted with the City of Cheyenne to provide permitting and inspection services. In 2008 Laramie County initiated its own Building Division and began issuing and managing all building permits within the unincorporated boundaries of Laramie County. The State of Wyoming, under State Statute § 35-9-121, has delegated authority to Laramie County to “enforce and interpret local or state fire, building, existing building and electrical safety standards which meet the requirements” of § 35-9-121.

The State of Wyoming Department of Fire Prevention and Electrical Safety adopted the updated 2021 editions of the International Building Codes on July 1, 2021. Wyoming Statute § 35-9-121(a)(ii) requires that municipalities or counties that have been granted local enforcement authority by the State of Wyoming Department of Fire Prevention and Electrical Safety shall within six (6) months adopt or maintain standards by ordinance or resolution that at least meet the adopted statewide standards. Laramie County desires to continue to act as the local enforcement authority and as such intends to adopt the 2021 updated editions of the International Building Codes in accordance with State Statutes.

Adoption of any regulation must occur under the rule making requirements of Wyoming State Statute § 16-3-103. A 45-day notice period and opportunity for public input is required prior to any adoption of rules. This 45-day period for public input has been provided for with the Laramie County Board of County Commissioners approved resolution # 21-458 giving public notice of Laramie County’s intent to adopt the updated 2021 International Building Codes, to include:

- The 2021 International Building Code (IBC)
- The 2021 International Residential Code (IRC)
- The 2021 International Fire Code (IFC)
- The 2021 International Plumbing Code (IPC)
- The 2021 International Mechanical Code (IMC)
- The 2021 International Fuel Gas Code (IFGC)
- The 2021 International Existing Building Code (IEBC)

On November 18, 2021 an Open House was held for public comment at the Laramie County Planning and Development Office. Public comment was as follows;

- Presentations of the proposed changes were conducted by department staff to multiple local contractors. Clarification was provided when questions were asked and no public comments were received.

At the time that this staff report was prepared, the Laramie County Clerk's Office and the Laramie County Planning and Development Office had received no comment from the public. Should any comment be received prior to the 12/6/2021 deadline for public comment, finding of fact will be shared in person with the Laramie County Board of County Commissioners at the December 7, 2021 meeting.

A copy of each resolution and proposed amendments is attached.
